

# 2024 OPGA REGIONAL CUP

## *What is the Regional Cup?*

Congratulations to **PORTLAND METRO** for winning the 2023 Regional Cup. The Regional Cup is a season long competition that will be comprised of 16 qualifying pro-am events. Each region will have **FOUR** events that will be designated on the pro-am allocation sheet as qualifiers. The regions are Portland Metro (Longview to Wilsonville), Willamette Valley (Woodburn to Creswell), Central Oregon, and Southern Oregon (Cottage Grove to Ashland). Professionals from each region that participate in the selected qualifying pro ams will earn points based on how they place in those events. Professionals may go outside of their region to play, and the points earned will go towards the region that you are employed in. At the end of 16 qualifying events **the top six players in each region** will be awarded a spot on their Regional Cup team that will be held on October 22-23.

## *The Regional Cup Final*

This year the Regional Cup Team Match Play event will take place in the Portland Metro area on October 22-23. There will be no cost to play, we will have a hosted dinner and will host 1-night lodging (double occupancy). Day 1 will consist of a 9-hole Four-Ball match as well as a 9-Hole Foursome match. Day 2 will feature three 6-Hole matches within each group. The region with the most points will win the OPGA Regional Cup. In the event of a tie, each team will select one player to play a sudden death playoff hole until a winner is determined. The champions will receive the Regional Cup Team Trophy, with each player getting the trophy for two months to display at their facility.
